Because --

STEVENSON vs. EISENHOWER

We cannot go along with the hypnotic trance of peace, prosperity and put-your-trust-in-Ike, which seems to be the foundation of the President's campaign.

At a time when one needs the wisdom of a Solomon, the determination of a David and the physical strength of a Samson, the President has shown a lack of leadership and has created a climate for indecision in both foreign and domestic affairs.

Nowhere is this more evident than in the current Egyptian mess.

The Eisenhower Administration is a luxury we can no longer afford.

PROPOSITION 4 — Vote No

We are against this proposition because it would tend to free the hands of several major oil companies to develop and import Middle East oil at the expense of California wells. The present crisis in the Middle East alone should be enough to send this proposition back to the legislature for further consideration. Also, as a complicated conservation measure, we feel that the problem can be best dealt with by the State Legislature.

RICHARDS FOR SENATOR

Senator Kuchel has shown a tendency to be a conservative, rubber stamp legislator. We prefer the aggressive individualism of Richards, even if we do not always agree with him.

TEAGUE - STEWART — No recommendation.

HUDSON - BALCHIN — No recommendation.

PROPOSITION A

The Spectator Journal questions the wisdom of the proposed redistricting ordinance in that it lays no basis of eventual equality. Nobody seriously questions that the Monterey Peninsula with its rapid population growth is entitled to more numerical representation than it now has. But one questions whether the ordinance answers it.

Under the proposed ordinance the Peninsula would gain a supervisor for a total of 2. Salinas would gain another for a total of 2, and the Salinas Valley rural areas would be cut to one. The ordinance provides for representation on the basis of population alone.

A rapid industrialization of the Salinas area might work greater inequities on the Peninsula than now exist. Any rapid increase in Salinas and the Peninsula would most probably eliminate the supervisor from the rural areas.

This, of course, brings up the point that representation on a single basis of population is not the only American way. In fact, we need only turn to our State and National legislatures.

Our representatives and assemblymen reflect population whereas our senators are unrelated to population. The purpose is to permit areas of small population to have a voice in government.

Looking at the problem here one might say that its solution lies in increasing the number of supervisors so that the heavily populated areas would gain numerical strength, but the small populated would still have individual vocal representation.

Unfortunately California State law provides for only five supervisors unless the County has a charter government. Our solution may involve examination of forming a charter government or re-examination of the State law. The inequities of this county are similarly apparent in Los Angeles and other counties.

We are not suggesting these as solutions but rather pointing out that the problem is a basic one calling for further study. As a county-wide publication interested in preventing a needless split of this county into factions we propose that the proposed ordinance be defeated, and that the problem be re-examined.

WHAT'S DOING

D. D. Muir, Manager Monterey Peninsula Exchange

He found phones wherever he went

Recently, Mr. Bill Brown and his family took an auto trip to attend a business conference. After he returned, he sat down and wrote us a letter saying: "The new modern roadside telephone booths were one of the most useful conveniences we found. They are everywhere, even out in state parks away from city populations. They saved us hours of time and eliminated so much of the annoyance of waiting." Right you are, Mr. Brown. When you're away from home and have a call to make just look for that familiar Bell emblem. It means there's a phone handy.

Where were you when that call came in?

The last time the telephone rang in your home, where were you? Cooking dinner in the kitchen, doing up that blouse in the sewing room or out in the workshop finishing up that chair? Wouldn't it have been swell just to reach out and answer the phone instead of rushing halfway through the house to get the call? Telephones in the rooms you use a lot are convenient. The cost is \$1.00 a month for each one after a single installation charge. You can call us today and make yours a telephone-convenient home.

You can go visiting now—by telephone

Next time that youngster of yours looks up and asks: "When are we going to visit grandmother again?" you don't have to reply: "Oh, on next summer's vacation," or "Well, perhaps at Christmas time." You can just say, "Why, right now." And then pick up your telephone and make a warm and friendly long distance call. And don't forget, rates are lower after 6 p.m. on weekdays and all day Sundays. It's a wonderful way to keep in touch. Pacific Telephone.

Lieutenant-Governor

POWERS

"I cannot conscientiously recommend a 'Yes' vote to the people on this highly technical and controversial measure... Because of my familiarity with the many technical problems involved in providing the proper conservation of our oil and gas resources, I shall vote 'No' on Proposition 4." **Lieutenant-Governor Harold J. Powers.**

Attorney General

BROWN

"I am going to vote against the proposition because it is, I believe, unwise to by-pass the legislative process in such a complex and controversial matter." **Attorney General Edmund G. Brown.**

Assemblyman

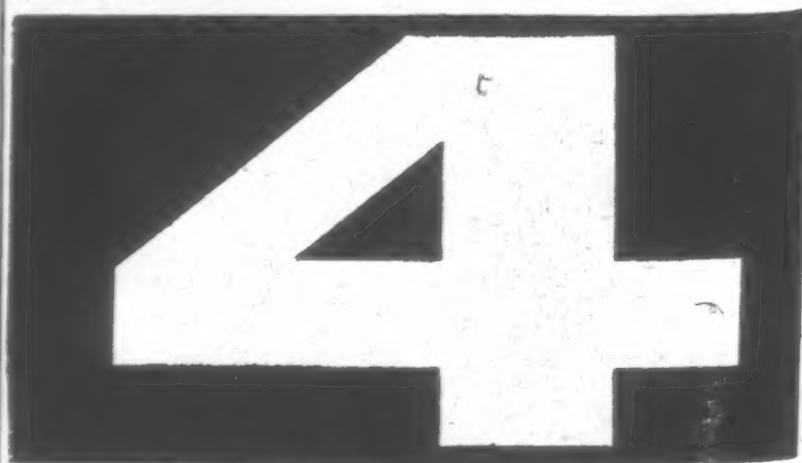

MILLER

"I believe in the theory and principle of conservation, but there are so many possible legal interpretations of many provisions of this measure, that I do not believe it should be fixed into law by the initiative method where it will not be amendable by the Legislature." **Allen Miller, Chairman, the Assembly sub-committee on tidelands.**

TEAGUE

YOUR CONGRESSMAN — NOVEMBER 6th

His Record Is Good for You!

Eight leading daily newspapers, after impartially studying Congressman Teague's record, report:

• "Rep. Teague's two years in Congress require little review for Ventura County voters who have followed his activities closely and with pride inasmuch as he is the first Representative this county has had in Congress for a generation or more. . . It is our opinion that the state would benefit by retaining such an experienced lawmaker in office."

— VENTURA STAR-FREE PRESS, Oct. 23, 1956

• "Congressman Teague has made a fine record. He has high standing in Congress where he is held in high respect by his colleagues . . . both Democrat and Republican. He should, and we believe, will be re-elected."

— SANTA BARBARA NEWS PRESS, Oct. 17, 1956

• "Congressman Teague has been effective in getting things done for his district's interest. . . We recommend him highly and look confidently to his election."

— SALINAS CALIFORNIAN, Oct. 16, 1956

• "Two votes made by Teague are two votes this newspaper thinks displayed a lot of common sense and a refreshing use of independent judgment, which is a quality one admires in a Congressman. They were on the Upper Colorado River project and the postage rate increase."

— OXNARD PRESS-COURIER, Oct. 5, 1956

• "All San Luis Obispo county is delighted that \$600,000 has been allotted for repair of Morro Bay harbor. . . Congressman Teague, for one, deserves a hand for his persistent work in the harbor's behalf."

— SAN LUIS OBISPO TELEGRAM-TRIBUNE, Feb. 1, 1956

• "In the Congressional contest we favor Teague since a vote for him is a vote of confidence in a good record and in the Eisenhower administration."

— MONTEREY PENINSULA HERALD, Oct. 26, 1956

• "We have confidence that Congressman Teague is serving his district faithfully and well and that his two years' experience increases his ability to improve his service. . . We believe he should be retained in office."

— SANTA PAULA CHRONICLE, Oct. 17, 1956

• "Teague successfully directed district programs through Congress. . . He has a record of participation in constructive legislation far beyond what might be expected of a freshman Congressman. . . this district stands to benefit from his return to Washington."

This billboard contains uncensored copy CONDEMNING PROPOSITION NO. 4 AS A VICIOUS OIL MONOPOLY BILL.

AFTER CENSORSHIP...

This is one of a thousand billboards censored with strips of white paper to blot out the words "monopoly" and "you."

On October 10, Standard Oil Company—a principal backer of Proposition No. 4—wrote a letter to California outdoor advertising companies objecting to the word "monopoly" in poster copy submitted by opponents of Proposition No. 4. The next day six companies refused to permit the words "MONOPOLY" or "YOU" on the posters. Six other companies—small independents—refused to be pushed around by Standard Oil and posted the original copy. Today, throughout California, these butchered billboards stand as shameful witnesses to Standard Oil's might. They prove that—WHAT STANDARD WANTS, STANDARD GETS—UNTIL NOW!

Republicans, Democrats, Labor, Veterans, Businessmen, Legislators, Civic Leaders all say:

GOV. SEN.

Rep. Dem. Rep. Dem.

don't run out of gas!

California isn't producing enough oil to supply its own autos, its farms, its industries—or its share of the Nation's defense needs.

We are running out of gas! Why?

Because today selfish operators with no regard for the public welfare are blocking modern conservation methods that the entire oil industry knows will double California's oil recovery.

A selfish minority is sabotaging YOUR gas supply ... keeping the State of California from harvesting billions of dollars in State oil revenues that could pay —tax free as far as you're concerned—for our new water program and many other needed public services.

"THE LARGEST STAKE IS YOURS AND MINE"

— STATE CONTROLLER

"In Long Beach alone the entire State stands to benefit by hundreds of millions of dollars in added income under PROPOSITION 4.

"Without unitization ... these new riches will be lost. You and I—as citizen land-owners—hold the largest stake by far in the proper oil development of our State."

ROBERT C. KIRKWOOD,
State Controller, chief elective
fiscal officer for California

PROPOSITION 4 GIVES CALIFORNIA...

- A 12 billion dollar increase in economic wealth.
- New jobs and 2 billion dollars in new paychecks.
- A new supply of 4 billion barrels of oil—for our cars, our planes, our industrial machines.
- A secure source of oil for our National defense.

For more oil...more gas...more tax benefits...more jobs...more security
